BUSINESS INSIGHTS AND RECOMMENDATIONS REPORT.

This analysis explains the performance across the three dashboard tabs;

1. Sales & Profit Analysis
2. Product Performance Analysis
3. Segment & Regional Analysis

BUSINESS PROBLEM INVESTIGATION

Based on the metrics and visual breakdowns across the dashboards, the core business problem is **Revenue Growth Without Profitability**. The business is making sales but with low profits and has lots of products identified in Dashboard 2 that are draining the business capital that and needs to be taken off sales and re-evaluated.

DASHBOARD 1: SALES & PROFIT ANALYSIS

- **Business KPI:** Confirms totals \$2.3M Revenue, \$286K Profit, 12% Margin, 5,009 Orders, 793 Customers and 16% average discount.
- **Quarterly Sales Trends:** Total sales demonstrate a consistent quarterly upward trajectory from Q1 2014 through Q4 2017. Profit tracks upward at a much slower pace.

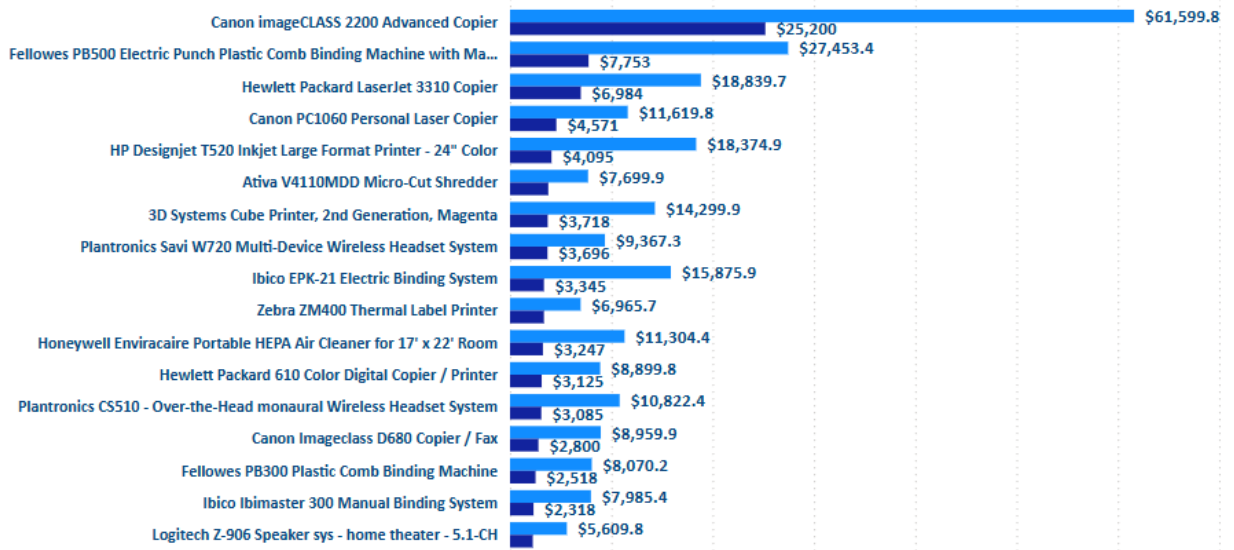

CATEGORY BREAKDOWN:

- **Technology:** Primary growth engine \$836,154 sales and \$145,455 profit (17.4% margin).
- **Office Supplies:** Steady contributor with \$719,047 in sales and \$122,491 in profit (17% margin).
- **Furniture:** Core profit trap with \$741,718 in sales and \$18,463 profit (2.5% margin). High revenue is offset by operational expenses, freight costs, and heavy discounting.

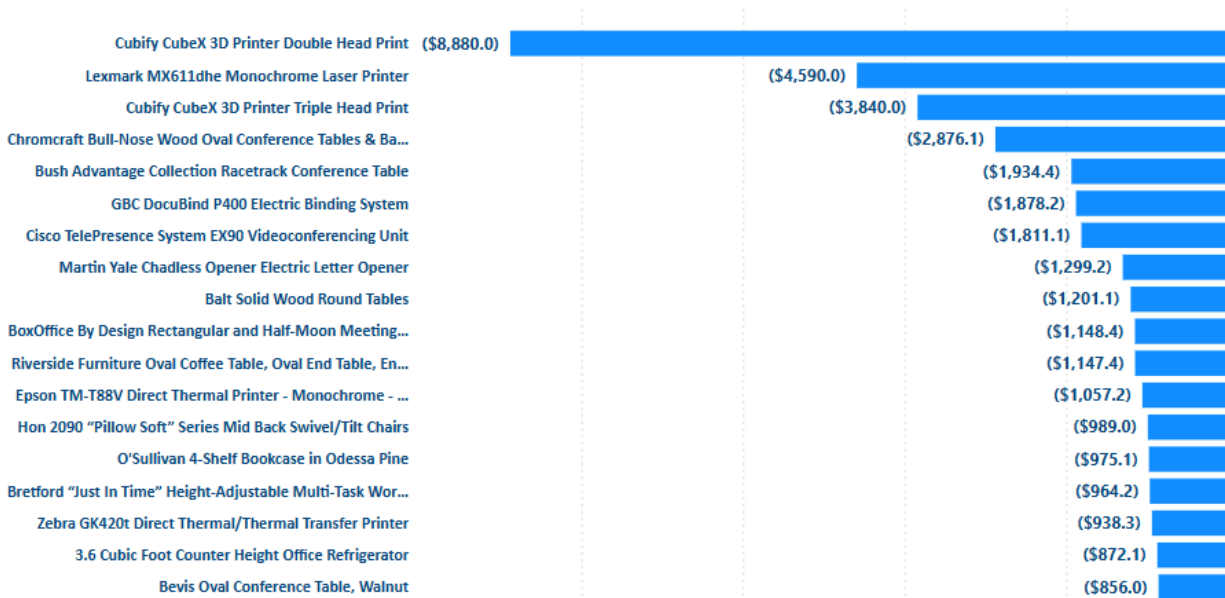

DASHBOARD 2: PRODUCT PERFORMANCE ANALYSIS

- Top Revenue & Profit Drivers:** The product with the highest sales and profit is **Canon imageCLASS 2200 Advanced Copier**, bringing \$25,200 profit on \$61,599.8 sales. All the listed products driving sales are in the technology category.

● Total Sales ● Total Profit

- Capital Drain Products:** All of the listed products below create severe profit drains, with Cubify CubeX 3D printer as the product draining the most out of capital with -8,880 in profit. All these products are in negative profit and are the major contributors to the profit problems the business is facing.

- **Low Profit Products:** These are list of low performing products with over 30 different products making 0-5 dollars in profit. The pricing of these products needs to be reevaluated.

DASHBOARD 3: SEGMENT & REGIONAL ANALYSIS

SEGMENT PROFITABILITY:

- **Consumer:** Primary profit driver at 47%, brining \$134,119 in profit.
- **Corporate:** Generated \$91,979 profit at 32%.
- **Home Office:** Generated \$60,311 profit at 21%

GEOGRAPHIC BREAKDOWN:

- **West:** Top-performing region with \$725.5K in sales and \$108K in profit.
- **East:** Strong secondary performer with \$678.5K in sales and \$92K in profit.

- **Central & South:** Lower volume of \$501.2K and \$391.7K in sales respectively, with compressed margins of \$40K and \$47K profit.
- **California** is the highest performing state in sales with \$457.7K and New York is the second highest with \$310.9K in sales.

STRATEGIC RECOMMENDATIONS

- **Revamp Furniture Pricing & Margins:** Re-evaluate pricing, shipping overhead, and maximum discount thresholds for Furniture sub-categories specifically Tables and Bookcases to eliminate negative margin sales.
- **Discontinue High-Loss products:** Immediately halt or renegotiate supplier terms for severe profit draining items like the **Cubify CubeX line**.
- **Shift Capital & Storage to High-Margin Categories:** Reallocate warehouse space and marketing funds away from bulky, low-margin goods toward Technology and Office Supplies.
- **Strengthen High-Value Segments:** Develop targeted retention offers for Consumer, Corporate, and Home Office clients to increase repeat orders and order values across top regions (West/East).
